## Greenback Expat Tax Services' 2017 Survey Urges Americans Living Abroad to Share Opinions on Expat Taxes, the New Presidential Administration and More

*Leading expat tax preparation service encourages US expats to share their opinions to protect and promote the interests of Americans living abroad*

HONG KONG (PRWEB) March 27, 2017

Greenback Expat Tax Services announces the launch of its 2017 US Expat Opinion Survey, open until April 25, 2017 to the nearly 9 million American expatriates around the world.

Greenback, which specializes in providing tax services and consulting for 8,000+ American citizens in 211 countries and territories, is conducting the survey to gather key insights from US expats.

The 5-minute survey allows participants to weigh in on a variety of topics, including US tax filing obligations, passport revocation, FATCA regulations, FBAR (Foreign Bank Account Reporting), the Affordable Care Act, citizenship renunciation, the 2016 presidential election and new administration.

"Our annual survey aims to gain an understanding of the issues that are most relevant to US expats," says David McKeegan, Co-Founder of Greenback Expat Tax Services.

"The information collected via the survey serves an important purpose—it helps us identify what American expats need in order to better grasp and comply with their tax obligations. It also brings their unique perspectives and concerns to light so that expat advocates and government leaders can better protect and support the interests of all Americans living and working abroad."

Expats can **access the survey here**.

Once the survey results have been gathered, Greenback will be compiling an array of reporting and resources to share with journalists and other expat advocates. This information can be obtained by emailing [info\(at\)greenbacktaxservices\(dot\)com](mailto:info(at)greenbacktaxservices(dot)com).

Greenback will also be sharing the results with all survey respondents and selecting a winner of a \$1,000 Hotels.com gift card to show appreciation for the feedback.
